Reporting Requirements

Separate Federal and Provincial Tax Tables

- must calculate Federal and Provincial tax bases on tables provided by Canada Revenue Agency
- the combined total of the Federal and Provincial tax deducted will be entered on the remittance form
- new TD1 forms – one for Federal and one for Provincial which may be found at the end of the Payroll Deductions Tables book
- Payroll Deductions Online Calculator
- [Canada Revenue Agency Payroll Calculator](#)

Payroll Remittances

- 15th of the following month, unless a larger employer (average remittances > \$15,000 must file semi-monthly on the 10th and 25th, average remittance > \$50,000 must file weekly on the 3rd day after the remitting periods as determined by Canada Revenue Agency)
- An employer can remit quarterly if his average monthly withholding amount is less than \$1,000 in either the first or the second preceding calendar year, if he has a perfect compliance history in the previous 12 months **and** if he has no outstanding GST/HST returns or T4 information returns for the previous 12 months. This \$1,000 threshold is increased to \$3,000 beginning in 2009.

Annual T4 Summary and Supplementaries

- Last day of February of the following year

Annual T5 Statement of Income and Supplementaries

- Last day of February of the following year

Workplace Safety and Insurance Board

- Generally by the end of the following month, although certain smaller businesses may be permitted, with permission to report less frequently
- Annual Return to be filed by March 15th of the following year
